Underbed Storage Drawer 198 cm long

Price **110.00 GBP**

Availability **Full stock**

Shipping time **24 hours**

Number **CD87-41341**

Product description

Our underbed storage drawers are made from solid wooden pine in a choice of four beautiful wood colour finishes. They are designed to simply roll out and back under your bed, and will make tidying up a breeze. Our storage drawers fit perfectly under all Nodax bedframes and can be used with other bedframes too (please check measurements first).

- What's included: Underbed Storage Drawer 198cm long. Note: This drawer is the full length of a kingsize or super kingsize bedframe, offering extra storage. However we recommend the slightly smaller 150cm long storage drawer if you have bedside tables.
- Due to its extra length (suitable for kingsize and super kingsize bedframes), this underbed storage drawer is not suitable for single, small double or double bedframes.
- For kingsize and super kingsize bedframes, you can fit one underbed drawer 198cm on each side of your bed (so a maximum of two drawers will fit per bed).
- Choice of walnut, oak, alder or natural pine painted finish.
- The drawer has wheels for easy movement, and the sturdy bottom is made from MDF board (6mm thick).
- Flat packed for easy self-assembly. Instructions are included and there is an easy to follow video tutorial too.
- 1 year guarantee (on defective parts) from invoice date.
- Care instructions: wipe dry with a clean cloth.

This product has additional options:

Colour:: walnut

Dimensions

Height (included wheels)	18.5 cm
Width	55 cm
Length	198 cm
